DETAILED ACTION

Election/Restrictions

Newly submitted claims 36-66 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the new claims are directed to a method of manufacturing a medical device in comparison to the invention of a medical device as presented in claims 30-35.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 36-66 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 30-35 are rejected under 35 U.S.C. 102(b) as being anticipated by RAGHEB et al.-6,096,070.

As to claims 30-32 and 35, RAGHEB-'070 (Fig. 1) discloses a medical device such as a stent 12 having a first bioactive coating layer 18 on the outside/first surface of stent 12 and inside/second surface of stent 12 substantially free of a coating.

As to claims 33-34, RAGHEB-'070 (Fig. 1; claim 15) discloses second bioactive material in coating layer 20 covering inside/second surface of stent 12.

Art Unit: 3731

Response to Arguments

Applicant's arguments with respect to claims 30-35 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
